THE ONLY REMEDY :- HART'S VEGETABLE EX-TRACT is an invaluable remedy for Epileptic Fits or Falling Sickness, Convulsions, Spasms, &c. It is well known that from time immemorial, physicians have pronounced Epileptic fits incurable. It has builded all their skill, and the boasted power of all medicine, and consequently thousands have suffered through a miserable existence, and at last yielded up their lives on the altar of insanity. Physicians of every age have pronounced this disease incurable. The proprietors of the vegetable extract, however, feet no delicacy in pre-claring that it can be cured. They would, therefore, respectfully invite physicians, and all others who are interested, to examine the testimony which is here offered. If it is deception, let it be exposed; but February: if it is true, then in the name of humanity, no longer let it be said that

Hart's Vegetable Extract, For sixteen years, has been tested by many persons who have suffered with this dreadful disease, and in every case where it has had a fair trial, has effected a permanent cure. Col. Denslow, of Yonkers, New York, states that his daughter has been afflicted with fits for more than nine years, and has been cured by

Mrs. J. Bradley, 115, Orchard street, New York, states that she has April: been subjects to fits for many years, and has been restored to perfect health, after every other means had failed, by the use of the vegetable Dr. Charles A. Brown, of Dover, Russell county, Alabama, who is one of the best physicians in the State, says that he has been much benefitted by the use of the vegetable extract, and that he unhesitat-

ingly prescribes it in every case of Epilepsy which comes under his Curtis G. Mayberry, Esq., formerly postmaster at Lime Mills, Crawford co., Pa., now living in Erie co., Pa., states that for many years past he has been sorely afflicted with fits, and he is now happy to state | June: that by a persevering use of Dr. Hart's Vegetable Extract for a few months, has restored him to sound health, being entirely free from that worst of all diseases.

It will Cure! The child of William C. Anderson, North Fourth street, Williamsburgh, aged 20 months, had fits constantly for eight weeks. A consultation of physicians was called, who decided that the case was a hopeless one, and that the child must die. Whist the child was in this dangerous state, Mr. Anderson called at my office, which was in the month of February last, and obtained a bottle of the extract with the accompanying medicines, and administered it to the child, and the result was a perfect restoration of health, which has continued to the

The son of Robert McGee, corner of Sullivan and Prince streets, New York, was severely afflicted with epiteptic fits. In this case also, the physicians held a consultation, and decided that they could do no more, and that nature must effect its own cure, or the boy must die. The vegetable extract was administered to him whilst in a fit, and I was told by one of the attending physicians, as well as by Mr. McGee himself, that its effects were almost instantaneous. The fit was broken and the boy restored to health. Mr. McGee says, "I shall never again be without the medicine in my house if I can avoid it, for fear that some of the rest of my children may be attacked in the same way. I consider the medicine invaluable.

Testimony upon Testimony. In reference to the almost miraculous efficacy of this truly wonderful medicine, read the follow letter from Doctor W. L. Monroe, of Guilford, Ohio, one of the most eminent physicians in that place. GUILFORD, OHIO, August 17th, 1846. Brother laborer in the cause of Humanity:

Dear Sir-It is with no small degree of pleasure that I am enabled to assource to you the complete triumph of your invaluable medicine in cases of Epilepsy. I have prescribed it in four instances in this vicounty, and it has been successful in all. Three of the patients, I trust, have been radically cured. The fourth is rapidly improving, and will, I think, a ithout doubt recover. I am not in the habitof prescribing or recommending patent medicines, but when I see an article which promises so much for the relief of suffering humanity, I feel it my duty to recommend it; and I have no hesitation in saying, that as soon as the faculty are fully acquainted with the real merit of your medicine, they will close their eyes against prejudice, and lend you a helping band. subscribe myself, yours, sincerely, W. With such fearful results as these, who, among its unhappy subjects does not shudder. The most skilful physicians of Europe as well as those of our own country, have pronounced Epitepsy for falling sickness as it may be termed incurable. We are happy however, to state to our readers that Drs.
